### Capitol Store Update

As many of you learned at training last week, the timeline for CAMS has changed. We will be offering many of the same services in the building in January, but with some slight adjustments as the Rotunda will not be open until November 2025.

The store will open as a pop-up, similar to the 2023 Session. The kiosk will open in January to offer critical information to visitors.

We will have opportunities for tour guides to provide roving interpretation in the Galleria, wings, and throughout the open sections of the building.

## Training Recap and New Resource

It was wonderful to see so many of you last week for training.

We're pleased to announce that we've put together a Volunteer Home Page online to act as a resource for information, updates, and training materials. Of course, we'll continue to provide these things via email, printed at your workstation, and in person. However, if you find yourself pondering how to use the POS or the exact height of the Oregon Pioneer from home, you now have the ability to find out!

Visit <https://oregoncapitol.com/volunteerhome/> to check it out!
